Musical Tag

Kevin Kaisershot

THE WORK: Musical Tag is a light-hearted work designed to provide some amusement amongst the performers by way of a "chase" between two voices with the third voice tagging along. Each voice is given melodic material at some point in the piece and the rhythmic skill being emphasized is the two sixteenth-eighth pattern, both ascending and descending.

PERFORMANCE TIPS: Heavy tonguing cannot "burden" this work. Light tonguing should always be emphasized so as to keep the character of the piece also, light. The trade-off lines (which should be done in a dovetail fashion) are in the upper two voices with the third voice acting as a support mechanism; always present, but not the center of attention. The third voice will have its say in the change of key section before giving way to the "chase" resuming. Above all, have fun and enjoy the piece.

This work is part of a growing series of original pieces by this talented composer. Many of these titles are already found on contest lists throughout the country.

These like-instrument ensemble works are designed to be performed by junior high and high school level musicians. They are ideal for use in festivals and competitions as well as in concerts, church services and other special events. All pieces are melodically and rhythmically creative with all parts being interesting and suitable in difficulty (Easy-Medium, Medium).

Besides their use as like-instrument pieces, they are all interchangeable and will work with any combination of the brass or woodwind instruments (flute, clarinet, saxophone, horn, trumpet, trombone and tuba). This means that any non-standard combinations of instruments will have access to these terrific works.

Other titles in this series:

Elegy, Scherzo Diabolique, Novelette, Danse a la Gigue, Modern Day Madrigal, Rondeau Gracieuse, Moments Majestique and Musical Tag.
