

ENGLISH KEYBOARD CONCERTOS 1740-1815 edited by Peter Lynan**Musica Britannica Volume 94. Stock No. MB94**

Musica Britannica Volume 94 contains thirteen keyboard concertos, in full score. Performing editions of all the works in this volume are available separately, as listed below. The keyboard parts for these concertos contain both the solo material and a simple reduction of the orchestral passages, enabling the concertos to be played either with or without instrumental accompaniment.

The keyboard parts for the first ten concertos in Musica Britannica Volume 94 are published in Stainer & Bell's Early Keyboard Series (Eighteenth-Century English Keyboard Concertos Volumes 1 and 2, refs. K46 and K47), and sets of scores and instrumental parts are available for purchase separately.

Solo keyboard parts for the somewhat larger concertos by William Crotch, William Russell and Samuel Wesley in Musica Britannica Volume 94 are available for purchase individually, and the orchestral material is available for rental.
