

Canyon Echoes

Richard Byrd

The musical material for *Canyon Echoes* was inspired after a trip to the Grand Canyon. The open voicings of quartal harmonies reflect the canyon's vast expanse. The figurative and literal echoes of the canyon are captured in this piece through imitative canonical writing including sections of rhythmic and tonal phasing. *Canyon Echoes* embodies the breath-taking views and adventures of exploring the Grand Canyon through the juxtaposition of majestic yet serene melodic motives with tension building rhythmic canonical writing. This work is fun to perform and enjoyable to hear, and is ideal for competitions, conference preludes and engaging concert programs.
