About the Composer

Chandler L. Wilson is the Assistant Director of Athletic Bands and Assistant Professor of Music Education at Florida State University. His responsibilities with athletic bands include being a part of the creative team behind the Marching Chiefs and FSU's athletic pep band program, Seminole Sound, which primarily supports the men's basketball program as well as the women's basketball and volleyball programs. As a part of the wind band conducting and music education faculty, Wilson teaches courses in music education and conducts the University Concert Band.

Many of Wilson's compositions have been premiered and performed on the concert band stage with All-County/District Honor Bands and All-State Bands. His works have also been performed at the Music for All National Festival and the Midwest International Band and Orchestra Clinic. His composition, *Legends of the Galaxy* (A Cosmic Fanfare), was ranked in the Top 100 band compositions in the American Band College/Band World Magazine/Western International Band Clinic Literature List for 2016 and one of his most recent work, *Suite Forty-Four*, was performed at the 2019 Midwest Band and Orchestra Clinic by the Hikarigaoka Girls' High School Wind Orchestra.

Elevation

Elevation is a broad word that means so many things, such as altitude, measurement, nobleness, personal status, and much more. This work represents all these things. Everyone has experienced and will experience some form of elevation several times throughout their life, like graduating from high school, getting a job, getting a promotion at that job, and even owning your own business.

My hope is that each ensemble that performs this work will experience some form of growth, both musically and personally, while performing it with their friends and colleagues. It is also my hope that the audience receives some form of elevation from watching and listening to the performers on the stage.

Counts of Silence is a sixteen-week program suitable for students in their second year of music or beyond. Covering different rhythmic patterns and concepts in each unit, *Counts of Silence* is the perfect resource for the modern band room. While the focus of the book is on counting notes and rests, the development of a solid foundation in rhythm is the ultimate goal.

Counts of Silence is an essential tool for
elevating your musician's rhythmic accuracy.
