The Magic Pendant El Colgante Magico

Kevin Kaisershot

Almost every culture has some type of symbol and/or trinket that they recognize as being “magical” in some way. Everything from a four-leafed clover, a horseshoe, a rabbit’s foot (how’d that work out for the rabbit?) to the little frog figurine that Edvard Grieg kept in his pocket as a “lucky charm”. All are considered in some way as possessing magical or mystical powers.

The magic pendant is just another symbol or in this case a jewel (probably of little value) that is considered by the wearer (or bearer) of having magical properties.

This fun, multi section overture allows the opportunity for young musicians to play in changing styles and tempos. Very smooth legato playing is contrasted by short, clearly articulated passages.

Since 1994 he has been almost a yearly recipient of the annual ASCAP standard awards for his contributions to the advancement of American/Educational music.
