for INTERMEDIATE MUSICIANS

A Collection of Solo Repertoire for Concert and Contest

Congratulations on purchasing *Sound Innovations Soloist*! This fantastic collection features a variety of intermediate-level solos by a diverse group of composers, spanning a range of musical styles. These beautiful and melodic compositions will help you grow your technical and musical skills and will be a welcome addition to any concert or recital. Each solo includes “Sound Advice”—tips and insights from the composers themselves. This unique feature offers invaluable first-hand coaching and makes this collection truly special.

Download free piano accompaniment sheet music and recordings by visiting **SI Online**. For an even more immersive experience, explore these solos (and more!) in **MakeMusic Cloud**. There, you’ll also find exclusive content, including preparatory exercises designed to set you up for success.

Metro Morning

By Vince Gassi (SOCAN)

SOUND ADVICE:

- ▶ Always pay close attention to tempo, dynamics, and articulations as they are critical in helping to make a performance more expressive.
- ▶ Be sure to observe the change of mood at measures 11 and 41. These measures call for a more lyrical interpretation.
- ▶ Although you should attempt to maintain the energy the entire way through, note that the ending (measure 54 to the end) is gradually diminishing in volume.
- ▶ Work with your accompanist. Remember, you are a team!

Tambourine Dance

By Carol Brittin Chambers (ASCAP)

SOUND ADVICE:

- ▶ *Tambourine Dance* is a lively piece in 4/4 meter. Staccato notes throughout are to be played lifted and bouncy. Accented notes should be played with more air and slightly stronger tongue.
- ▶ Before playing on your instrument, count each phrase first. It is also very beneficial to practice only the fingerings and air patterns with a metronome before you play. One suggested syllable for the air patterns is *Too*.
- ▶ Pay special attention to placement of slurs and accents. Measures containing accents on an upbeat should be played slowly at first in order to master the coordination between tongue and fingers.

Lively! ♩ = 128

The musical score is written in 4/4 time with a key signature of two flats (Bb and Eb). It consists of 31 measures across seven staves. Measure numbers 1, 5, 9, 13, 17, 21, 25, and 31 are indicated at the start of their respective staves. Measure numbers 3, 11, 19, and 27 are enclosed in boxes above the staves. The score includes various musical notations: staccato notes (indicated by dots above notes), accents (indicated by > above notes), slurs (curved lines over groups of notes), and dynamic markings (*mf*, *f*, *mp*). The piece begins with a 2-measure rest, followed by a series of eighth and sixteenth notes with staccato and accent markings. The dynamics range from *mf* (mezzo-forte) to *f* (forte) and *mp* (mezzo-piano). The piece concludes with a 2-measure rest followed by a half note and a whole note, both marked *mp* and *smoothly*.

Dance of the Night

By Scott Watson (BMI)

SOUND ADVICE:

- ▶ *Dance of the Night* portrays a macabre ballet danced by dark, shadowy figures. Their nocturnal motions are at first lilting and tentative, but then grow more and more disturbingly impassioned. The piece is a homage to, and inspired by, Sergei Prokofiev's "Dance of the Knights" from his ballet, *Romeo and Juliet*. To appreciate the musical connection (mostly in the feel of the accompaniment), seek out a recording of Prokofiev's "Dance of the Knights."
- ▶ The main theme occurs at three places throughout: at measures 5, 26, and 78. In each successive occurrence, the melody becomes more expressive through increased dynamics and rhythmic variation. Be sure to emphasize these items to highlight the transformation.
- ▶ In this 6/8 piece, a strong beat should be felt on beats 1 and 4 of each measure (which is emphasized in the piano accompaniment). Nonetheless, players should always be aware of the eighth-note subdivision (1-2-3, 4-5-6), especially during the many tied notes.
