Chinese Dogs

Words and Music by Don Taylor

Introduction: 4 measures of orchestration:

During this music, four Chinese Crested Dogs enter from each side of the stage (two on each side). With "puppy paws" in front of their chests, they trot to center stage in small, quick steps until they come together, face the audience, and bow on beats 15 and 16. Continuing dance instructions for these four dogs are listed above the music.

Performance Track 2

With dignity (♩ = 84)

Left hand out to side.
