Little Fugue

Johann Sebastian Bach

Arranged by David Marlatt

Easily one of the most famous solo organ works of Johann Sebastian Bach (1685-1750), this "Little" Fugue in G minor is an example of brilliant contrapuntal writing. Written in 1709, this fugue, as the title suggests, is a part of the "Great" Fugue in G minor.

The first (and most noticeable) thing with this arrangement is the fact that it is not in the original key of G minor. The key has been altered to allow for performance without the use of E-flat trumpets making this great piece more accessible to players wanting to play it, without the range demands found in arrangements in the original key.

The continuation of the musical line is crucial in this contrapuntal piece. This is accomplished with the careful matching of articulations, dynamics and style by all players. The original organ pedal line is found primarily in the trombone part.
