Copying of sheetmusic from this booklet is illegal.

This international set includes all the various transpositions, clefs and instruments found in the different types of bands in the world. Thus this piece of music can be played by any band anywhere in the whole world. To avoid confusion and especially for bands in England, Scandinavia and America - also generally outside Europe - the following points should be noted by directors:

1. Euphonium, Trombones and Basses. These parts are in three versions:
 - a. Transposed and in the G clef.
(For example as used by Brass-Bands)
 - b. Transposed and in the F clef.
(A practise used in some European countries)
 - c. Written as concert pitch instruments in the F clef.
(Customary in most countries outside Europe)
2. Parts for Bugles (Flugel horns). These parts should generally **not** be used in harmonic and symphonic bands as they largely double the clarinet parts and are intended for Brass and Fanfare bands which do not have woodwind. There are however certain exceptions to this rule.
3. The part marked 1st Tuba - or Solo Tuba - or Tuba (basse solo), is **not** a bass part. The name comes from the original saxhorn name for the Euphonium - and the part should be played on this instrument.
4. The 1st and 2nd Baritone parts are basically for Brass and Fanfare bands. However, in many European countries these instruments are often included in Harmonie or Symphonic Band. Generally for Harmonie and Symphonic Band the Baritone parts may be regarded as optional - but there are some few exceptions to this rule.

INSTRUMENTATION "WATERMUZIEK"

H	F
1	Piccolo Db
2	Flute
1	Oboe I
1	Oboe II
1	E♭ Clarinet
4	Solo Clarinet
4	Clarinet I
4	Clarinet II
