## ABOUT THE COMPOSER

Music by Larry Clark (b. 1963) is some of the most popular and most performed by concert bands and string orchestras of all ability levels. Larry is equally adept at writing music for beginners as he is for high school and college ensembles. His music is tuneful, contains a fresh harmonic perspective, is well scored and stretches the musicianship of the performers. He prides himself on producing music that is not only intriguing to performers and audiences alike but that contains a playability that comes from a keen understanding of the technical difficulties inherent in all instruments.

His pieces have been performed internationally and appear on numerous contest/festival performance required music lists. He is an ASCAP award-winning composer, has over 300 publications in print and is in demand to write commissions for bands and orchestras across the country.

In addition to his abilities as a composer, Larry is the founder and President of Excelcia Music Publishing. His new company will focus on educational music for band, choral and orchestra along with related methods and books. Prior to Larry starting his own publishing company, he served for over eighteen years as Vice President, Editor-in-Chief for Carl Fischer Music, and before that, as Instrumental Music Editor for Warner Bros. Publications. Larry travels the world presenting clinics/workshops and guest conducting appearances. His background as a former middle school director and Director of Bands at Syracuse University, combined with his composing and editing, have placed Larry at the forefront of music for school ensembles. He holds a Bachelors Degree in Music Education from Florida State University and Masters Degrees in Conducting and Composition from James Madison University in Virginia. ### EMERALD SKY

Playing slow lyrical music is something that every musician must do in order to improve their musicianship, even young musicians. *Emerald Sky* is my attempt to provide a contemplative ballad that is within the technical limitations of young musicians, but will stretch their musicianship skills. Even young players can be asked to be expressive and play with a gentle rise and fall of the musical lines, and put emotion into their playing. Although there is nothing challenging to young players in this piece technically, they will be challenged greatly to bring out the musical quality of the piece.

I firmly believe that with careful guidance, students can play musically early on in their studies. In my experience students sometimes dislike slow lyrical music at first, but when they overcome the challenge of playing lush lyrical music, it becomes some of their favorite pieces to play. It is my hope that *Emerald Sky* can be that sort of piece for your young musicians.

It has been my pleasure to have the opportunity to write this piece. I hope you and your students enjoy it and find it useful for your program.
