

Hanukkah Swing

Traditional Yiddish Song

Arranged by Ryan Meeboer

This is a fun, traditional Hanukkah song arranged in a jump swing style. From beginning to end, the chart is full of high energy and incorporates hints of classic swing tunes. It mostly consists of block chords with a simple repetitive bass line. All parts throughout these sections are equally important, so be sure to maintain balance throughout.

Although there is a written solo for the trumpet, chord changes are included, allowing opportunity for improvisation.

During this solo, be sure the walking bass line maintains a steady tempo, and the backgrounds do not overpower the soloist.

Depending on the number of percussionists available, you can divide the roles as much as you need. For example, the crash cymbal/suspended cymbal parts can be merged into one, having the suspended cymbal players accent the cymbal to substitute for the crash cymbal. Also included is a drum set part, if you only have one percussionist (that is capable of performing the part).

Lastly, in the final measures of the piece, be sure the energy and volume stays high, right through to the very last note of the chart.
