

Triplet Trove

Kevin Kaisershot

Triplet Trove is a concept piece designed to teach the use of the triplet figure within a musical composition. The number three therefore figures prominently in its structure as it is written for three instruments, in three movements, all of which are in 3/4 time.

The first movement should be interpreted as one of being "always on the go" and ever pushing forward towards its conclusion. Therefore, do not allow the tempo to lag. The second movement (albeit abbreviated) is more lyrical and relaxed. The final movement is bold and declamatory and much like the first movement, pushing forward to the inevitable conclusion.

This work is part of a growing series of original pieces by this talented composer. Many of these titles are already found on contest lists throughout the country.

These like-instrument ensemble works are designed to be performed by junior high and high school level musicians. They are ideal for use in festivals and competitions as well as in concerts, church services and other special events. All pieces are melodically and rhythmically creative with all parts being interesting and suitable in difficulty. (Easy-Medium, Medium)

Other titles in this series:

Elegy, Scherzo Diabolique, Novelette, Danse a la Gigue, Modern Day Madrigal, Rondeau Gracieuse, Moments Majestique and Musical Tag.
